

Privacy by design

Axiomatics is a Swedish corporate entity with offices at Skeppsbron 40, Stockholm, Sweden. Axiomatics honours privacy by design principles. Axiomatics web sites are conformant with the mandates of the [EU e-privacy directive](#) and is aligned with the guiding principles of the [Privacy by Design](#) initiative.

Collection and Use of Personal Data

When you browse our web site at www.axiomatics.com to gain information about Axiomatics and its solution offerings you do not have to submit any personal information.

However, if you want more detailed product information or if you want to gain access to our product evaluation kit, we may ask you to provide personal information such as your name, your corporate email address and the name of the company or organization you represent. We need this to provide you with the information you have requested. If you have asked for an evaluation product license, we also use this information to define an account for you at the customer support website support.axiomatics.com where registered customers also have their accounts with basic contact data. Users of the support web site can review and edit the information which we keep in their own user profiles.

We do not use your contact data for other purposes than to provide you with the information you have asked for. We may also contact you in the future in matters that we feel relate to the topics for which you have shown an interest provided you do not explicitly demand to be excluded from such communication by notifying us via an unsubscribe form. A link to the unsubscribe form is included in all our messages.

Under no circumstances will Axiomatics forward your personal data to third parties for any other reasons than the ones outlined in the Disclosure of Information section below.

Use of Cookies

The Axiomatics web site uses cookies to keep track of web traffic to help evaluate the effectiveness of our marketing efforts. Our web site also uses web traffic analysis tools from Google. For details about how Google uses cookie data, please see the [Google Privacy Policy](#).

You can visit our web site with or without cookies enabled in your browser. However, since the web site uses cookies for session management you may experience some usability flaws if you decline cookies. To create an account on our web site and to login to the web site you must first accept cookies.

Password Protection

If you select to register on the Axiomatics web site, you are responsible for the protection of your password secrecy and should be careful with your password to safeguard your own privacy and the privacy of others.

Axiomatics does not store passwords in clear text and cannot be held responsible for lost passwords. If you forget your password, Axiomatics cannot retrieve your old password which means you must use the features provided on the web site to redefine user credentials. To change or reset passwords, use the corresponding link on our web site.

Disclosure of Information

Axiomatics is a Swedish company but uses web hosting companies for some internet services. Web servers may be located in the USA or countries which are members of the European Union. Data collected from visitors on our web site are stored compliance with the Swedish Personal Data Act.

Axiomatics may disclose your personal information to a third party if and only if we are forced to do so in order to conform to legal requirements or to comply with a legal process.

Children's Privacy

Axiomatics offers no products or information intended to attract children and as a result does not knowingly solicit personal information from children under the age of 13.

Consent Declaration

Axiomatics strives to maintain an “adequate level of protection” as mandated by the Swedish Personal Data Act and the EU Directive on data protection. By using our web site, you consent to the collection and use of the information you provide to us as outlined in this Privacy Policy.

Controller of Personal Data (Personuppgiftsansvarig)

Axiomatics AB is the legal entity responsible as controller of personal data (“personuppgiftsansvarig”) as outlined by the Swedish Personal Data Act. If you have any questions or concerns about our collection, use or disclosure of your personal information, or for other reasons want to get in touch with the personal data representative (“personuppgiftsombud”) at Axiomatics, please send an email with your request to info@axiomatics.com.
